EXIDE DRIVE

→ Designed for Indian conditions : Specially designed Polypropylene container, corners reinforced with ribs, ensures the battery is strong enough to withstand bumps and vibrations

→ Technology : Optimized Alloy System to suit high temperature and low maintenance application

→ Reduced effect of vibration : Compact element design ensures battery can withstand high vibration in application

→ Easy handling & spill proof : Special Omega type cover design fitted with Venturi type chamber cover & Anti-splash guard feature - excellent spill resistance characteristic

→ Instant start every time : Good cranking power and better life expectancy ensure customer satisfaction

→ Ready to use : Batteries are factory charged and ready to use condition

18 Month Warranty *
(FOC)
* T&C Apply

Technical Specifications of Exide Drive Range of Batteries
